(Notes)

1. There are no special interests between any of the candidates for Audit & Supervisory Board Member and the Company.
2. The candidate for Audit & Supervisory Board Member, Mr. Toshihiko Matsumiya, is a candidate for Outside Audit & Supervisory Board Member. The Company has designated him as an Independent Auditor provided for by Tokyo Stock Exchange, Inc. and has notified the Exchange to that effect.
3. The term of office as an Audit & Supervisory Board Member of the Company of the candidate for Outside Audit & Supervisory Board Member Mr. Toshihiko Matsumiya is four (4) years at the close of this Meeting.
4. The Company has entered into a liability limitation agreement with Mr. Toshihiko Matsumiya, whereby, in accordance with the provisions of Paragraph 1 of Article 427 of the Companies Act, his liability for damages stipulated in Paragraph 1 of Article 423 of the said Act is limited to the amount as prescribed by the relevant laws and regulations, insofar as he executes his duties bona fide without gross negligence. The agreement shall be continued subject to the election of Mr. Toshihiko Matsumiya. If Mr. Koichi Nishioka is elected, the Company intends to enter into an agreement to the same effect with him.

Fourth Item of Business: Determination of the Amount and Contents of Compensation, etc. in Performance-based Stock Remuneration System for Directors, etc.

The compensation for Directors of the Company (excluding Outside Directors and Non-Executive Directors, the same shall apply in this Item of Business) has consisted of “base compensation” and “variable compensation” (monetary compensation). As part of a review of the officers’ remuneration system for Directors, Executive Officers and Research Fellows (excluding residents outside Japan, hereinafter, “Directors, etc.”) of the Company, it is proposed that a performance-based stock remuneration system (hereinafter, the “System”) be newly introduced, whereby the shares of the Company are delivered based on the degree of accomplishment of the business targets.

The purpose of introducing the System is to shed further light on the link between the compensation for Directors, etc. and the business performance of the Company’s Group, and to motivate them to make contributions to improving the mid- to long-term business performance of the Company’s Group and enhancing corporate value. Accordingly, we believe that the introduction of the System is reasonable.

This Item of Business proposes that a stock remuneration be provided to Directors, etc. based on the degree of accomplishment of business performance, etc. in each fiscal year, separately from the amount of maximum compensation (600 million yen per year) for Directors approved at the 38th Annual General Meeting of Shareholders held on December 14, 2007.

The number of Directors who are eligible for the System will be four (4), if the Second Item of Business: “Election of Eight (8) Directors” is approved as proposed. Additionally, as mentioned above, the System also covers Executive Officers and Research Fellows (at present, the number of Executive Officers and Research Fellows who do not concurrently serve as Directors and are eligible for the System is ten (10)), therefore, compensation based on the System is extended to Executive Officers and Research Fellows. This Item of Business seeks to propose the amount and contents of compensation for Directors, etc., in relation to overall compensation based on the System, taking into account the possibility that these Executive Officers and Research Fellows may newly assume the office of Directors during the target period of this Trust (as defined in (2) below).

In addition, if this Item of Business is approved as proposed, the remuneration system for Directors, etc. will transition to a performance-based remuneration system consisting of a base compensation and a variable compensation, with a portion of the variable compensation provided as stock remuneration.

The Amount and Contents of Compensation, etc. of the System

(1) The System Summary

The System is a stock remuneration system where the Trust acquires shares of the Company using the amount of compensation for Directors, etc. contributed by the Company as the principal, and delivers and pays (hereinafter, “Delivery, etc.”) shares of the Company and cash equivalent of the conversion value of the said shares (hereinafter, “Company Shares, etc.”). (Please see (2) and below for details.)

| | |
|---|--|
| 1) Persons eligible for the Delivery, etc. of the Company Shares, etc. under this Item of Business | • Directors, etc. of the Company |
| 2) Impact of the shares of the Company under this Item of Business on the total number of shares issued and outstanding | |
| The upper limit of the amount of money to be contributed by the Company (as described in (2) below) | • A total of 450 million yen for the target period consisting of three fiscal years • However, a total of 600 million yen for the initial target period consisting of four fiscal years starting from the current fiscal year |

| | |
|--|---|
| <p>The upper limit of the number of the Company Shares, etc. that Directors, etc. receive from the Delivery, etc., and method of acquiring the shares of the Company (as described in (2) and (3) below)</p> | <ul style="list-style-type: none"> • The upper limit of the Share Granting Points to be granted to Directors, etc. per fiscal year is 60,000 points. The upper limit of the total number of Company Shares, etc. that Directors, etc. receive from the Delivery, etc. is 180,000 shares during the target period consisting of three fiscal years (however, 240,000 shares during the initial target period consisting of four fiscal years) • The number of the shares of the Company corresponding to the upper limit of the Share Granting Points to be granted to Directors, etc. per fiscal year as mentioned above corresponds to approximately 0.4% of the total number of shares issued and outstanding (as of September 30, 2016, after deduction of treasury shares) • As the shares of the Company will be acquired from the stock market, shares will not be diluted |
| <p>3) Contents of conditions for accomplishment of business performance (as described in (3) below)</p> | <ul style="list-style-type: none"> • Fluctuates according to the degree of accomplishment of profit attributable to owners of parent and rate of increase in market capitalization, etc. in each fiscal year • The number of shares will be determined within the range of 0% to 150% |
| <p>4) Timing of Delivery, etc. of Company Shares, etc. to Directors, etc. (as described in (4) below)</p> | <ul style="list-style-type: none"> • As a general rule, after resignation |

(2) The upper limit of the amount to be contributed by the Company

Including cases where a trust period is extended as set forth in the fourth paragraph of this (2), the Company, in principle, sets three (3) fiscal years corresponding to the period covered by the medium-term management plan as a target period of the System (the period set as a target of the System is hereinafter referred to as “Target Period”).

However, as the Company is currently progressing with the medium-term management plan that covers the three fiscal years from the fiscal year ended September 30, 2015 to the fiscal year ending September 30, 2017, in order to include the remaining period of the said medium-term management plan in the initial Target Period, the initial Target Period of the System that will be implemented from the current fiscal year is set as the four fiscal years from the fiscal year ending September 30, 2017 to the fiscal year ending September 30, 2020 (hereinafter, “Initial Target Period”).

The Company will contribute money with an upper limit of 450 million yen as the total for every Target Period (600 million yen for the Initial Target Period) as compensation for Directors, etc. and establish a trust (hereinafter, “Trust”) with three year trust period (four year trust period for the Initial Target Period) wherein the Directors, etc. who meet the beneficiary requirements are the beneficiaries. Shares of the Company will be acquired from the stock market using the trust money in accordance with the instructions of the trust caretaker. The Company will grant the Share Granting Points (as defined in (3) below) to Directors, etc. every year during the trust period. The Delivery, etc. of the Company Shares, etc. corresponding to the cumulative value of the Share Granting Points (hereinafter, “Cumulative Share Granting Points”) will be carried out through the Trust after the resignation of Directors, etc. (if it is decided that Directors, etc. will be residents outside Japan due to overseas assignment, then after such decision; if Directors, etc. passed away, then after such passing. The same shall apply hereafter).

In addition, the Trust may be continued, by changing the trust agreement and entrusting additional money,

in lieu of establishing a new Trust, at the expiration of the trust period of the Trust. In such cases, the Company may further extend the trust period of the Trust by three (3) years, and set the three (3) fiscal years after the extension of the trust period as a new Target Period. The Company will then entrust additional money to the Trust per each extended trust period to the extent of the upper limit of 450 million yen as a total, and continue the grant of Share Granting Points to Directors, etc. during the Target Period pertaining to the extended trust period. However, in cases where such additional entrustment is made and there are remaining shares of the Company (excluding Company shares, etc. corresponding to the Share Granting Points granted to the Directors, etc., of which Delivery, etc. has not been completed) and money (hereinafter, the "Remaining Company Shares, etc.") in the trust assets as of the last day of the trust period before extension, the total amount of the Remaining Company Shares, etc. and the additional contribution of trust money shall be within the upper limit of 450 million yen.

Upon termination of the trust period, if there are any incumbent Directors, etc. who possibly satisfy the beneficiary requirements, Share Granting Points will no longer be granted to the said Directors, etc. thereafter. However, the trust period of the Trust may be extended for a certain period of time until the Delivery, etc. of the Company Shares, etc. to such Directors, etc. is completed.

(3) Calculation method and the maximum amount of the number of the shares of the Company (including the number of shares subject to conversion into cash) for Delivery, etc. to Directors, etc.

The number of the shares of the Company for Delivery, etc. to Directors, etc. (including the number of shares subject to conversion into cash) will be determined based on the Cumulative Share Granting Points as defined below. One Share Granting Point shall be equal to one share, and fractions less than one Share Granting Point will be rounded down. If the shares of the Company belonging to the Trust are increased or decreased due to a share split, an allotment of shares without contribution or a reverse share split, the Company will adjust the number of the shares of the Company (including the number of shares subject to conversion into cash) for Delivery, etc. per Share Granting Point according to the ratio of such increase or decrease.

For the Directors, etc., in every December during the trust period, points obtained by multiplying the base point to be calculated based on office rank by the performance-based coefficient that fluctuates according to the degree of accomplishment of business performance for the fiscal year ending September 30 of the same year (the fiscal year ending September 30, 2017 for the initial period. Hereinafter, "Target Fiscal Year.") will be granted as Share Granting Points. Calculation formulas for base point and Share Granting Point are as shown below.

Share Granting Point will fluctuate within the range of 0% to 150% of base point, according to the degree of accomplishment of business performance. Indicators to evaluate the degree of accomplishment of business performance are profit attributable to owners of parent and market capitalization, etc.

(Calculation formula for base point)

Base point = total of (amount of stock remuneration predetermined by office rank x the number of months in office during the Target Fiscal Year for each office rank / 12 months) / the average of closing prices of the shares of the Company for the month of February 2017 (*) on the Tokyo Stock Exchange, Inc. (fractions after the decimal point to be rounded down)

* In cases where the Trust is continued as defined in the fourth paragraph of (2) above, the month that includes the first day of the trust period extended

(Calculation formula for Share Granting Point)

Share Granting Point = base point x performance-based coefficient according to the degree of accomplishment of business performance for the Target Fiscal Year (fractions after the decimal point to be rounded down)

Additionally, to Directors, etc. who resigned, passed away or whose overseas assignment are decided in

the middle of a fiscal year during the Target Period, base point that is in accordance with the period of service up to resignation or overseas assignment during the fiscal year shall be granted as the Share Granting Points pertaining to such fiscal year, instead of applying the performance-based coefficient.

After resignation, passing or decision on overseas assignment of such Directors, etc., Cumulative Share Granting Points will be calculated, and Delivery, etc. of Company Shares, etc. corresponding to Cumulative Share Granting Points will be conducted.

The total number of Share Granting Points to be granted to Directors, etc. during the trust period of the Trust shall be up to 60,000 points per fiscal year. The total number of Share Granting Points to be granted to Directors, etc. during Target Period shall be up to 180,000 points (however, 240,000 points for Initial Target Period as it covers four fiscal years). This upper limit of the total number of Share Granting Points has been determined based on the upper limit of trust money mentioned in (2) above and in reference to past stock prices, etc.

(4) Timing and Method of Delivery, etc. of Company Shares, etc. to Directors, etc.

Directors, etc., who satisfy the beneficiary requirements shall be granted the Delivery, etc. of Company Shares, etc. corresponding to Cumulative Share Granting Points to be calculated based on (3) above, after the resignation, passing, or decision on overseas assignment of such Directors, etc.

In cases where Directors, etc., who satisfy the beneficiary requirements resign, such Directors, etc. shall receive the shares of the Company (shares less than one unit to be rounded down) corresponding to the 70% of such Share Granting Points, and the remaining will be converted within the Trust and the cash equivalent of the conversion value shall be paid. In cases where Directors, etc., who satisfy the beneficiary requirements have passed away, a heir of such Directors, etc. shall receive the cash equivalent of the conversion value of the shares of the Company converted within the Trust, corresponding to Cumulative Share Granting Points to be calculated based on (3) above after the passing. In cases where Directors, etc., who satisfy the beneficiary requirements are to leave Japan due to overseas assignment, it shall be handled in the same way as in the case of passing of Directors, etc., and such Directors, etc. shall receive the cash equivalent of the conversion value of the shares of the Company converted within the Trust, corresponding to Cumulative Share Granting Points to be calculated after the decision on the overseas assignment.

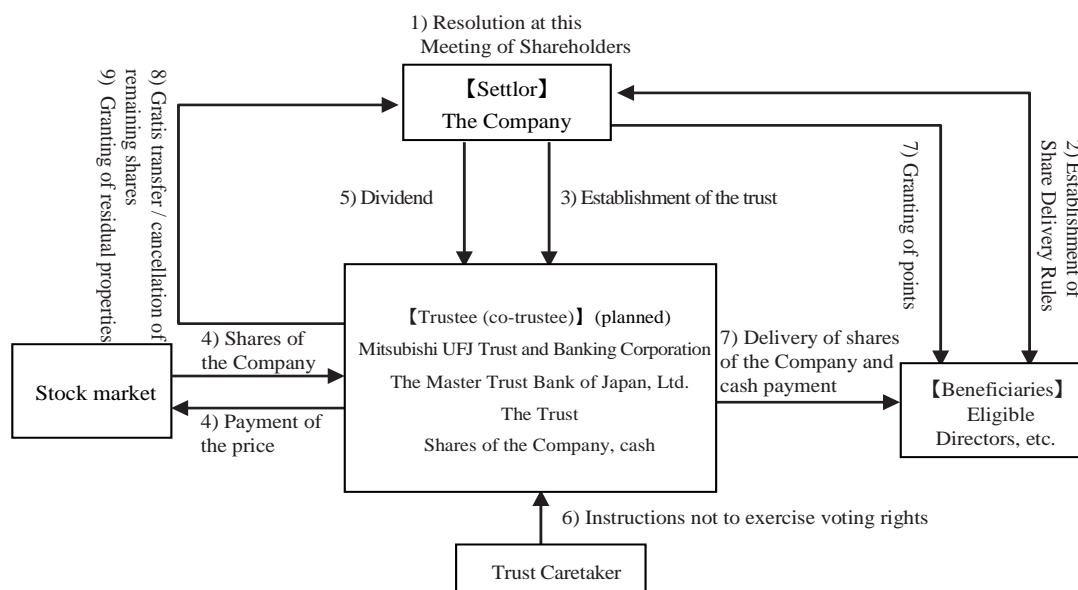

(5) The voting rights of the shares of the Company in the Trust

The voting rights of the shares of the Company in the Trust will not be exercised during the trust period, to maintain the neutrality of the Company management.

(6) Other contents of the System

Other contents regarding the System will be determined by the Board of Directors on each occasion such as establishment of the Trust, changing the trust agreement and entrusting additional money to the Trust.

(Reference): The System Summary (an excerpt from the press release “Notice of Introduction of Performance-based Stock Remuneration System” dated November 18, 2016)

- 1) The Company will adopt a resolution approving the introduction of the System at this Meeting.
- 2) The Company will establish the Share Delivery Rules concerning the contents of the System at the Board of Directors' meeting.
- 3) The Company will contribute money within the limit approved by the resolution at the Meeting of Shareholders referred to in 1) above, and establish a trust whose beneficiaries are the Directors, etc. who satisfy the beneficiary requirements (the "Trust").
- 4) The Trust will acquire shares of the Company from the stock market using the trust money contributed in 3) above in accordance with the instructions of the trust caretaker. The number of the shares to be acquired by the Trust shall be within the limit approved by the resolution at the Meeting of Shareholders referred to in 1) above.
- 5) Dividends on the shares of the Company in the Trust will be paid in the same manner as those on the other shares of the Company.
- 6) The voting rights of the shares of the Company in the Trust will not be exercised during the trust period.
- 7) Every year during the trust period, certain points will be granted to Directors, etc. according to office rank and the degree of accomplishment of business performance, etc. in each fiscal year. Directors, etc. who satisfy the certain beneficiary requirements will, in principle, after their resignation, receive delivery of the shares of the Company in the number corresponding to a certain percentage of the cumulative points and the provision of cash equivalent to the conversion value of the shares of the Company corresponding to the remaining points after they are converted within the trust in accordance with the provisions of the trust agreement.
- 8) In cases where there are remaining shares at the expiration of the trust period due to, for example, underachievement of business targets, the Company plans to either continue to use the Trust by changing the trust agreement and entrusting additional money or, to acquire the remaining shares through a gratis transfer from the Trust and cancel them by a resolution of the Board of Directors.
- 9) Any residual property remaining at the termination of the Trust after all required distributions to beneficiaries will be attributable to the Company within the limit of the trust expense reserve, which is calculated by deducting the funds to acquire shares from the trust money. Any residual property in excess of the trust expense reserve will be donated to an organization in which the Company and the Directors, etc. do not have any interest.

Procedures for the Exercise of Voting Rights via the Internet

Please refer to the following instructions on how to exercise your voting rights via the Internet.

You do not need to exercise your voting rights by mail (in writing) or via the Internet if you are attending the Meeting.
